The Inn on the Sound is a jewel set in destination Falmouth - one of the most popular beach communities on Cape Cod. High on a bluff, our inn offers stunning ocean views. From our decks, guests may capture the sunrise and the sunset; moon rise and moon set; the calm waters on the sound between the upper Cape and the island of Martha's Vineyard.

Our twelve guest rooms are airy, comfortable, and relaxed-contemporary, each with a private bath. We renovated the original 1872 building using quality materials, fixtures, and furnishings. Guest room options include: ocean front, ocean view, and garden view. Several guest rooms feature a private balcony. One offers a kitchenette. We receive rave reviews for the clean, calm comfort of all our rooms.

The beautifully decorated living room enjoys outstanding ocean views. It's a front row seat for the Fourth of July fireworks! Off the front living room is another comfortable seating area and library.

We serve a hot special breakfast dish daily in the dining room and on the deck. In addition, we offer a bountiful breakfast buffet - with baked goods, yogurt, cereal, and fruit platters. Our always-available guest pantry includes a refrigerator, microwave, goodies, teas and coffee - another guest favorite.
